Please join us for:

- Free Compost (1 bag per household and additional loose compost - bring your own container) * While supplies last.
- Seed Exchange
- Hazardous Waste Disposal
- Household Item Donation
- Electronic Item Donation
- Eco Arts Stations
- Kids Eco Show, 12-1pm with Professor Pricklethorn
- FREE Bike Safety Checks and Tune Up (limited spots)
- Donate Toy Pieces and Parts for Upcycling with Tiny Toys
- Sign up for a tree to plant...and MORE!

Please [Click Here](#) to see what you can and cannot bring to recycle or donate.

Vacant Home Tax Improvement Needed

This past week my team and I noticed a large crowd growing in the Revenue Services area at North York Civic Centre. As we spoke to the seniors, we realized many residents had not filed their home occupancy status and had been billed for the vacant home tax, despite living in their homes. It has been upsetting to see the stress and emotional impact on our residents who have been shocked to receive a large vacant home tax bill for a home in which they currently reside. We heard from some seniors that they lost sleep because of this.

Seven of my staff team set up tables alongside city staff to alleviate the pressure of hundreds of residents waiting in line at North York Civic Centre. I am grateful for their willingness to drop everything they were doing to support everyone at North York Civic Centre to get faster support.

Change is difficult and residents and city staff are on a learning curve. That being said, our communications before and after this situation have been lacking. I have spent the past couple of days advocating for the following:

- A review of what happened to identify learnings towards establishing a better process including a stronger communications plan
- Waive and/or refund all late fees
- Ask the city to consider using water bills to determine occupancy instead of requiring an annual declaration

For those who received a bill despite declaring occupancy or who did not declare because they missed the window, please [Click Here](#) for instructions on what to do.

Do not pay your late fee!

It has been confirmed that the late fees will be waived and/or reimbursed. If you haven't done so yet, please do not pay it.

I would like to apologize for the stress this caused. I will be strongly advocating for a better process for next year!

Amidst the busyness...a statement revision

A final statement on protests happening in the city was released on my behalf yesterday that did not align fully with my sentiments. The letter was edited multiple times, and unfortunately, we did not have the opportunity to review the final version. We did NOT endorse the final version. Additionally, I've been working beyond my capacity in recovery from surgery. Upon further reflection and dialogue with community members, I would like to issue my statement that differs from my colleagues. [Click Here](#) to read.

We have heard feedback that our email newsletters are so long that they can be overwhelming. Part of the reason we put so much effort into these newsletters is the absence of a local paper that could share the local events and opportunities to connect. Over the next few weeks, we are piloting a new format.

VISIT TO WILLOWDALE MIDDLE SCHOOL

It was a pleasure to visit the **Willowdale Middle School French Immersion Grade 8 class** this week to engage with young constituents on all levels of governance and to share with them the responsibilities of government levels as well as the role of a city councillor. I also had the chance to hear of their concerns for our city and neighbourhood and encouraged them to exercise their voices for civic engagement. **Thank you** to Mr Talbi for the invitation, and to Principal Laura Stoikos and Vice-Principal Priti Sabharwal for the warm welcome!

EDITHVALE POLLINATOR GARDEN

Last week, a member of my staff coordinated a visit with several Parks staff and local resident Anne McConnell to discuss and plan for the **pollinator garden at Edithvale Park**. We are excited to revive this planting project, which will beautify the space and create a natural ecosystem. This project will progress in stages to help ensure plants can be managed sustainably. Community support is welcomed to help steward the new plantings and assist in light maintenance to help ensure the best condition for the plants to flourish.

"We are thankful to have the City staff team working on this project, we appreciate their efforts very much. Thanks for everyone's long-standing interest in seeing this garden come to fruition. We are all looking forward to the day when we can enjoy and showcase the new life it will create, visitors it will attract, and interest and opportunities it will provide within our community broadly."

- Anne McConnell

CEREMONIAL NAMING SURVEY

LET'S HONOUR OUR FIRST RESPONDERS

Many of us remember the Yonge Street Tragedy that was a dark moment in our community where many lives were lost. During that moment and for the months following, we were well served by our First Responders including our Fire Department, Paramedics and 32 Division. One of our community members, Diane Broom, has been working hard these past 6 years to honour their heroic efforts and show gratitude for all they do to serve our neighbourhood. One of her efforts is to pay tribute to First Responders by giving Canterbury Place (the road) a ceremonial name: Hero's Way.

We would like your feedback on this matter. This would NOT be a re-naming. No addresses would change. Instead, an additional sign plate would be added with the ceremonial name. This proposal has officially received support from our MP Ali Ehsassi, MPP Stan Cho, and City Councillor Lily Cheng. We are now receiving community feedback to make an official submission. Thank you for your participation and consideration.

ACT NOW!

PLEASE TAKE THE SURVEY!

bit.ly/herosway

DEADLINE: APR 16, 2024

CEREMONIAL NAMING SURVEY

Share your thoughts on honoring our community's First Responders by adding a ceremonial name, "**Hero's Way**" to Canterbury Place. This tribute, spearheaded by **Diane Broom** and supported by MP Ali Ehsassi, MPP Stan Cho, and City Councillor Lily Cheng, aims to commemorate their heroic efforts without changing any addresses. Your feedback is important.

Please complete the survey by **April 16, 2024**. Thank you for participating!

SOLAR ECLIPSE GUIDANCE

On **Monday, April 8**, North America will experience a solar eclipse. **This is a rare event where the moon passes between the sun and the earth, casting a shadow on the earth's surface.** While Toronto falls outside the path of a total solar eclipse, **a partial eclipse will occur at 3:19 p.m.**, lasting approximately one minute. Precautions are required for the entire duration of the eclipse, from 2:04 p.m. to 4:31 p.m.:

- **Do not look directly at the sun**
- **Do not look indirectly at the sun using a mirror, or through a window**
- **Where possible, schedule tasks indoors for the duration of the eclipse**

For tasks that must continue outdoors, including driving:

- **Avoid looking directly at the sun**
- **Continue to follow existing safety controls**
- **Use hats or visors that do not allow light to pass through**
- **Slow down and stay focused on your surroundings**
- **Turn on headlights and approach all crosswalks, intersections and transit stops with caution as people and objects on the road may be harder to see**

[Review the Hazard Alert](#)

www.toronto.ca/lightsout

Kill the lights. Save the birds.

Is your building bird-friendly?
Be part of Lights Out Toronto.

LIGHTS OUT TORONTO

To protect birds during their migration during the spring and autumn months, the City of Toronto has launched the "**Lights Out Toronto**" campaign – a city-wide campaign to address the issue of migratory bird collisions with building windows in Toronto during the spring (**April 1 to May 31**) and fall (**September 1 to October 31**) migration seasons.

The City's campaign encourages the public to contribute to "Lights Out Toronto" by **turning off unnecessary lights** – defined as lighting not intended for security or safety reasons – during the nighttime, to reduce fatal bird collisions with buildings. By turning off non-essential lights in buildings, Toronto can be a leader in reducing the number of bird collisions and saving countless bird lives.

As part of the "Lights Out Toronto" campaign, Toronto residents and businesses are encouraged to:

- **Turn off interior lighting at night, especially on higher floors.**
- **Close window coverings at night if lights must be kept on.**
- **Turn off exterior decorative lighting, pot lights and flood lights when not in use.**
- **Substitute strobe lighting and reduce atrium lighting whenever possible.**
- **Install automatic motion sensors and controls wherever possible.**

Construction Notice

Issued on:
April 5, 2024

Ventilation shaft repairs requiring lane reduction Yonge Street between Poyntz and Bogert avenues

Date: Sunday, April 14 – 9 a.m. to 5 p.m.

**Pending weather and unforeseen events. Content/timeline accurate at the time of printing*

What we are doing and why

The TTC is in the process of rehabilitating its ventilation shaft on Yonge Street between Poyntz Avenue and Bogert Avenue. To date the majority of the work has been underground.

Ventilation shaft on Yonge Street, between Poyntz Avenue and Bogert Avenue.

On **Sunday, April 14**, there will be a concrete pour to support ongoing activities. Trucks will be positioned at street-level on Yonge Street between Poyntz Avenue and Bogert Avenue. This work will require a temporary lane reduction on Yonge Street through the work area.

Motorist, cyclist, and pedestrian impacts

- The southbound curb lane on Yonge Street between Poyntz Avenue and Bogert Avenue will be closed during work hours.
- Motorists and cyclists travelling southbound through the area will be required to merge.
- All sidewalks, pedestrian crossings, and access to nearby properties will be maintained.

Equipment

- Concrete trucks and crews will be present at street-level.
- Noise and dust associated with typical construction can be expected. Efforts will be made to keep levels to a minimum.

Work hours

- The concrete truck activity will take place between 9 a.m. and 5 p.m.
- To create a safe work zone, crews may set up/remove traffic controls a few hours before and after the scheduled work activity.

Thank you for your patience during this essential infrastructure repair work.

VENTILATION SHAFT REPAIR NOTICE

The TTC is in the process of rehabilitating its ventilation shaft on **Yonge Street between Poyntz Avenue and Bogert Avenue**. To date the majority of the work has been underground.

On **Sunday, April 14**, concrete trucks are scheduled to support work crews and will be positioned at street-level on Yonge Street between Poyntz Avenue and Bogert Avenue. **This activity will require a temporary lane reduction on Yonge Street through the work area.** The concrete pouring is the only expected work activity on April 14 and will only occur **between the hours of 9 a.m. and 5 p.m.**

This activity will require a temporary southbound lane reduction on Yonge Street through the work area between Poyntz and Bogert avenues. The traffic controls will be lifted as soon as this work activity is completed for the day.

TORONTO MULTI-YEAR ACCESSIBILITY PLAN CONSULTATION

The City of Toronto has launched public consultations for the **2025-2029 Multi-Year Accessibility Plan** and is looking for your feedback!

People with disabilities, their support persons, and community organizations can share their experiences to help make Toronto more accessible. **Your feedback will inform priorities and initiatives aimed at enhancing accessibility in City programs, services, information and communications, facilities, public spaces, and employment practices.**

The survey is open until April 26.

[Take the Survey!](#)

REPORTING POTHOLE

Report pothole damage on roads and expressways by submitting a service request to 311. A service request can be submitted via the **311 Toronto mobile app**, online at toronto.ca/311 or by calling **311**.

Potholes, boulevard trip hazards and asphalt road damage are **repaired everyday Monday to Friday**, weather permitting. Transportation Services also has a field investigator doing patrols and inspections which captures many potholes not communicated to 311.
